

Scholarship Reporting Form Information

- Students must report any scholarships, grants, loans and other types of assistance from various outside sources including their high school, community, civic, and professional associations and other programs. Students should **not** report scholarships received from Virginia Tech colleges, departments, and alumni chapters using this form. These scholarships will be reported directly to the Office of University Scholarships and Financial Aid.
- Please submit this form as soon as you are **notified** of a scholarship or award.
- Please provide the following information to the awarding organization:
 - Checks should be made payable to the “**Treasurer of Virginia Tech**”.
 - The official name of the scholarship should be provided on the check or included with the check.
- **Scholarship checks sent to the student**
 - **If the scholarship check is payable to both Virginia Tech and the student, please complete and submit this form, sign the back of the check and send it to the Office of the University Bursar.**
 - If the scholarship check is payable to the student only, use this form to notify the office of the University Bursar of the scholarship amount. **This form is required, even if the scholarship funds are sent directly to the student.**
- **In order to allow processing time** for credit to appear on the fall semester bill (July 15), the Office of the University Bursar must receive a copy of an official award notification from scholarship sponsors. Award notifications **and payments received after the billing date will be processed in the order they are received and will be available for viewing on the Hokie Spa. All award notifications and payments for fall semester must be received at least one week prior to the August 10th payment deadline in order to avoid holds and late fees.**
- New students participating in the **Virginia 529prePAID (VA529)** should send an “Intent to Enroll” form to the Virginia College Savings Plan (VCSP) Office in Richmond. Returning students should already be on the roster of participants the Office of the University Bursar receives in early July for the fall semester. For students using **Virginia Education Savings Trust (inVEST)** funds, **the original** Distribution Request form should be sent to the Virginia College Savings Plan Office **and a copy of the form** should be sent (faxed) to the Office of the University Bursar in order for the pending credit to be applied until payment is received. More information on these programs is available at [this link](#).
- **Failure to report outside assistance could result in reduction or cancellation of financial aid administered by Virginia Tech. Federal and state regulations state that a student cannot receive scholarships and other need-based financial aid in excess of their financial need. Regulations also state that the combined amount of a student’s aid cannot exceed their cost of attendance if the student also receives any institutional, federal, or state aid.**
