

## FAFSA Data Appeal Form Instructions

We understand that the FAFSA does not take into account all situations and some students have special circumstances that impact their ability to pay for college. In order to review these situations, we require certain documentation. Prior to submitting an appeal, please read the following information.

- If you have been selected for verification, it must be completed prior to filing an appeal.
- During the appeal review, if any of the provided documentation conflicts with any information previously reported on the FAFSA, then our office is required to resolve the conflicting information regardless of if the appeal is approved or denied. This could cause an increase or a decrease to your existing financial aid award.
- We may request more information after reviewing the required items listed on this form.
- Please allow a minimum of three weeks for processing.
- Please ensure that you provide all required documentation upon initial submission. Fill in every blank. Sign where required.
- Approval of an appeal does not guarantee additional aid.
- Appeals cannot be used simply to request more financial aid. Students must accept all aid offered including federal loans for appeal to be considered.

**GRADUATE STUDENTS** – this type of appeal is not beneficial to you as your financial aid options through our office are limited to student loans. Please contact our office to discuss other options.
